ABOUT US

A dependable execution partner for private & industrial projects.

Leo Multiservices (LMS) is a professionally managed construction firm established to cater to the requirements of industrial, commercial and infrastructure projects, with a particular focus on the private sector.

The company was created to give clients a dependable construction partner capable of handling civil execution, site development, manpower coordination, statutory compliance, safety requirements and project-related activities — all under one professional framework.

Our approach is built around understanding the client's requirements, planning resources effectively, maintaining site discipline and ensuring smooth execution throughout the project lifecycle.

OUR CORE BELIEFS

OUR VALUES

What we stand for.

01
Integrity

Transparent and responsible business practices.

02
Quality

Commitment to quality in every stage of execution.

03
Safety

Safety as a fundamental part of every project.

04
Commitment

Taking ownership of the work entrusted to us.

05
Teamwork

Working together with clients, vendors and site teams.

06
Trust

Building long-term relationships through consistent performance.

> *Every challenging project is an opportunity to demonstrate commitment, capability and execution excellence.*

WHO WE ARE

Leo Multiservices was established to address private-sector projects where professional execution, HR management, safety and statutory compliance are critical. Industrial construction demands coordination between:

- Client
- Project management
- Engineers
- Contractors
- Subcontractors
- Vendors
- Labour workforce
- Statutory authorities

OUR OBJECTIVE

A reliable, responsible and professionally managed construction partner delivering quality work while maintaining safety and compliance.

OUR LEADERSHIP

Led by hands-on industry experience.

Mr. Sumant Khalatkar · Proprietor, Leo Multiservices

Leo Multiservices is led by Mr. Sumant Khalatkar, who brings more than a decade of experience in the construction industry. Before establishing Leo Multiservices, he served as Commercial Director at KCIPL, gaining extensive experience in commercial operations, project coordination and construction-related activities.

His understanding of project requirements has shaped LMS into a company focused on professional execution, client satisfaction and long-term business relationships.

LEADERSHIP EXPERIENCE

- 10+ years of construction industry experience
- Commercial & project management exposure
- Industrial & commercial project experience
- Client & vendor coordination
- Resource & manpower planning
- Project execution monitoring
- Commercial understanding
- Focus on compliance and safety
- Commitment to timely completion

PROJECT ACHIEVEMENT

Futala Laser & Fountain Show, Nagpur

A prestigious project completed under his leadership in approximately six months, and appreciated by dignitaries and public representatives — a significant milestone in his construction career.

FUTALA LASER & FOUNTAIN SHOW, NAGPUR

OUR SERVICES

What we do.

OUR CLIENTS & ASSOCIATIONS

Trusted across industrial, infrastructure & energy sectors.

Hindalco Industries Ltd. 7+ YEARS	**UltraTech** 1+ YEAR	**Reliance Industries Ltd.**	**Reliance Power**	**Gruner Renewable Energy**
Thermax Group	**RVNL**	**Ambuja**	**Tata**	**KCC**

OUR CLIENT-CENTRIC APPROACH

We believe every project is an opportunity to build a long-term relationship.

Understanding ▸ **Planning** ▸ **Execution** ▸ **Coordination** ▸ **Delivery**

QUALITY · SAFETY · COMPLIANCE

Standards we never compromise.

QUALITY

Quality is our commitment

Quality is an integral part of every stage of construction.

- Proper project planning
- Appropriate resource allocation
- Skilled manpower & site supervision
- Work monitoring & safety assurance
- Material coordination
- Measurement & documentation
- Timely corrective action
- Final quality checks

SAFETY

Safety first

Safety is a fundamental part of responsible construction.

- Personal Protective Equipment
- Safe working practices
- Workforce awareness
- Site discipline
- Equipment & machinery safety
- Work-area management
- Safety documentation
- Compliance with applicable requirements

COMPLIANCE

HR & statutory compliance

Structured systems and documentation for a compliant execution environment.

- PF & ESIC compliance
- Labour-related requirements
- HR documentation
- Workforce records
- Safety documentation
- Site records
- Local licensing
- Project documentation

> *“Do it right. Do it safely. Do it on time.”*

> *“No project is successful unless it is completed safely.”*

FROM PLANNING TO DELIVERY

Our working approach.

01
UNDERSTAND
Client scope, technical requirements, timeline and site conditions.

02
PLAN
Manpower, materials, equipment and resources.

03
MOBILISE
The workforce, resources and equipment for execution.

04
EXECUTE
Site works with focus on quality, safety and productivity.

05
MONITOR
Progress, quality, safety and coordination, continuously.

06
DELIVER
Completion within agreed requirements and timeline.

WHAT TO EXPECT FROM LMS

QUALITY WORK
Firm believers in quality-driven execution.

TIMELY WORK
We respect project schedules and timely completion.

HR & SAFETY COMPLIANCE
Focus on applicable statutory, HR and safety requirements.

TIMELY VENDOR PAYMENTS
Healthy, professional relationships with vendors.

LOCAL LICENSING
Support for applicable local licensing and documentation.

PROPER RATES
Commercially practical and transparent rates.

HASSLE-FREE EXECUTION
Coordination and smooth execution by our team.

LONG-TERM ASSOCIATION
Relationships that continue beyond a single project.
